Patrick McGurk. Assault. Pay \$5 and costs.

SOUND DOCTRINE.—The following interesting conversation passed between two gentlemen one day last week, and our readers would do well to bear in mind Samuel's version of the story:

John—"How are you, Sam?"

Sam—"I'm well, and in good humor."

John—"How so, Sam? You always seem to be in bad humor."

Sam—"Well, John, I'll tell you: You know I wanted a suit of clothes, and I went to E. J. Mills' Cheap Cash Store; I looked there and examined his large stock of ready made clothing, and at last selected a suit. I asked him the price, and he really asked me 20 per cent. more than I could buy the same goods for in any store in town."

John—"Is that so?"

Sam—"It is; and I would advise all those who want a good, cheap article of clothing to call and examine the stock of goods, corner of High & 10th Streets, Ebensburg, Pa."

Snow.—On Sunday last, snow fell to a depth of ten inches, covering the hills with a mantle of ghostly white, and the rattle of sleigh-bells greet the ears on every direction, showing that the inhabitants of yon mountain know how to appreciate it. On Monday, our train started to make its usual morning trip, and to the drifts of snow upon the track, it was with the greatest difficulty that the engine was forced through.

NO PAPER NEXT WEEK.—In accordance with custom, there will be no paper published from this office next week. Principals will have time for pleasure as well as for folks.

RECOVERING.—Our young friend Joe Peterson, who has been seriously ill for a time past, is recovering rapidly. It is a good boy, and we are glad to see him about again.

ADVANCE PAYMENTS.—We notice several of our exchanges comes to us with notices that hereafter their terms will be advance payments for subscriptions and cash for advertisements at the time of insertion. We do not wonder at this. It has become a necessity. Every thing used in the printing line is about as high in price as at any previous time during the war, and has to be paid in cash. Printers must have an extraordinary good establishment or a big purse to carry on business any length of time, paying their current expenses in cash and waiting for their own pay one, two, three or more years. That kind of business don't pay. As a necessity, then, advance and cash payments for subscription and advertising will soon have to become general. Printers are entitled to their day as well as other people.

A MISTAKE.—Our friend Swank, of the Johnstown Tribune, gives a pleasant and entertaining account of his visit to Ebensburg. He is mistaken, however, in pronouncing John Williams Esq., as the oldest native of Cambria county. Michael McGuire, of Allegheny township, is entitled to that distinction; and we believe his cousin, Luke McGuire, is also older than Mr. Williams. When, however, our friend speaks of the worth and high moral character of Mr. Williams, he certainly makes no mistake.

FIRE IN ALTOONA.—On Thursday afternoon last, the rustic window-blind manufactory owned by Mr. Adams, was discovered to be on fire. Before anything could be done to check the flames, they burst out through the windows, and soon the whole building was destroyed. It belonged to the heirs of Abram Beale, deceased, and was insured for \$500, which does not cover the loss. The stock in the manufactory was insured at \$3,000, which falls \$2,000 short of covering the loss.

FATAL ACCIDENT.—Monday evening, about six o'clock, while a railroad employee at Johnstown, named John Taylor, was engaged in shovelling snow from the track in the vicinity of the Cambria Iron Works, a locomotive passed over him, cutting off both his legs, and mangle his body in a frightful manner, from the effects of which he died in a few minutes. He was married, and leaves a wife and several children.

"BUSTED."—The Shirlsburg Herald is no more. Publication was suspended a short time since. The "gift enterprise" business must have disagreed with it. It left the Radical "policy" for that of President Johnson, a short time ago. We understand the materials of the establishment have been purchased by a party in Huntingdon, who intend starting a paper at Mount Union.

KILLED.—On Friday night, 7th inst., B. L. Buckley of Altoona, formerly of Newton Hamilton, engaged as a brakeman on a freight train, fell from the train in the vicinity of Mapleton Station and was run over and instantly killed. He was aged about 45 years, and left a wife and three children.

RESIGNED.—On Saturday last, Rev. T. M. Wilson, pastor of the Presbyterian Church of this place, handed in his resignation, on account of his ill health, which was accepted by the congregation. His departure is to be sincerely regretted, and his place as a minister and gentleman will not easily be supplied.

NEW PAPER.—Last week we received the first number of a new paper called The Leader, published at Hollidaysburg, Pa., by John H. Keatley, Esq. It is devoted to the cause of Temperance, and will no doubt do a deal of good in the cause to which it is dedicated.

ENLARGED.—The Huntingdon Monitor came to us enlarged and otherwise improved. It is now one of the largest and best conducted newspapers in the district, and will undoubtedly do good battle for Democracy in Huntingdon county.

DIED.—At his residence in Cambria township, on Saturday, 15th inst., Mr. John Pryce, aged about 65 years.

APPOINTED.—James C. Easley, Esq., has been appointed County Auditor, vice Emanuel Brallier, resigned.

PORK is selling in this place at six and seven cents per pound, which is a decrease of eight cents from the price one month ago.

OUR ALTOONA LETTER.

ALTOONA—CATHOLIC FAIR—NATIONAL MONUMENT FAIR—SITE FOR SOLDIERS' MONUMENT.

ALTOONA, Dec. 11, 1866.

Dear Sentinel: According to promise, I seat myself to transmit you a few fleeting observations and impressions of your humble servant, in this railroad city. In contrast with your quiet, social village, Altoona seems to be a perfect bee-hive. Everybody seems to be in a hurry; all are so engrossed with business that they find no time to devote an hour to that social intercourse which makes your village so pleasing to visitors. At the coming month promises to be an exception to the general rule, as there is a Fair in full blast in the basement of the Catholic church of this place; which I visited last night. As it was the first night of the Fair, of course it could not be expected to be so well patronized as it will be hereafter. The ladies deserve much credit for their taste, energy and patience. I understand the proceeds of this enterprise will be applied to educational requirements; as the Catholics, generally, do not avail themselves of the advantages of the Common schools; although they contribute their quota of taxes for their maintenance. I doubt if there is any other denomination which would make the same sacrifice to maintain their principles; for, in general, this denomination is composed of the poor, hard-working portion of the community; yet they not only build their own school-houses and support their own schools, but in a great measure give to a portion of their dissenting brethren, an education gratis.

The Catholics are not so singular in this course now, as formerly; for I observe the officers of the P. R. R. Co., of this place, have erected, at their own private expense, a beautiful little school-house, and have employed competent teachers, exclusively for their own children. The Episcopalians and Presbyterians, I understand, have their own schools, also. I judge from the muttering I heard, that there will be a lively time of it here, as there is another Fair to be held on the 8th of January, 1867, for the purpose, it is said by the projectors, of erecting a "National Monument" to the memory of the heroes we fell in defense of the Union. Of course, in every community you will find some grumblers, who seldom do anything themselves and who are always ready to find fault with what others are doing. Of this class, some assert that it would evince much more patriotism and respect for the fallen heroes, if the funds to be used in erecting the monument were applied to relieve the widows and orphans of those heroes; many of whom need it, especially at this inclement season. Others say it is a political clap-net, by which some of the parties wish to gain popularity and thereby succeed in serving the "dear good people" in some official but paying capacity. Others say that they are willing to do all they can for the Fair, providing the monument be erected in some public place, in a more central part of the town; as all the heroes are not buried in Fairview Cemetery; and they think the managers of this Cemetery wish to beautify their grounds at the public expense, and it will be an enticement for many to buy lots therein—the stock of the Company will go up, and it will be a paying piece of patriotism. I think that the objections of the last mentioned class are very well founded; for this monument is either a Congressional, county, or borough affair; if Congressional, Hollidaysburg or Huntingdon should be the site, if a county matter, then Hollidaysburg, the county seat should decidedly be the place, as the remains of the brave but much lamented Col. Murray lie there. If it be a borough matter, then I think the site should be in some central part of the town, in a public square; or they should gather up the remains of those lamented heroes, who are buried in the other graveyards of the place, and put them in one common graveyard, Fairview Cemetery or any other. But among them be it.

Adieu for the present, VIATOR.

THE EBENSBURG MARKETS.—Flour, \$13 to \$14 per barrel; Corn, \$1 per bushel; Beans, \$1.25 to \$2; Butter, 30c per pound; Eggs, 20c per dozen; Flaxseed, \$2.50; Timothy seed, \$3.50; Clover seed, \$8; Coffee, 30 and 35c per lb.; Molasses, 75c per gallon; Syrup, \$1.25 and \$1.40; Brown Sugar, 13 and 15c per pound; White, 19 to 20c; Rice, 15c; Wool, 50 cents per pound.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINE.—To cure consumption, the system should be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MAN-DRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea-Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not constipated they are not required, for sometimes in diarrhoea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and in fact anything the appetite craves; but be particular and masticate well.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price \$1.50 per bottle, or \$7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

FROM THE Largest Manufacturing Chemist IN THE WORLD.

I am acquainted with H. T. Helmbold, he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WM. WRIGHTMAN, (Firm of Powers & Wrightman.) Manufacturing Chemist, Ninth and Brown Sts., Philadelphia.

[From the Phila. Ec. Bulletin, March 10.] We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 28 feet front, 280 feet deep, and five stories high. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

GENUINE PREPARATIONS, And, knowing that the intelligent refrain from using anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simple prescription, much less competent to prepare pharmaceutical preparations.

THESE PARTIES RESORT to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates. The Science of Medicine stands SIMPLE, PURE, and MAJESTIC,—having Faith for its Basis. Induction for its Pillar, Truth alone for its Capital.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualification of the party so offering.
